## Knott's Berry Farm

A new expedition in an uncharted territory awaits eager explorers with the upcoming debut of Calico River Rapids, opening at Knott's Berry Farm in summer 2019. Knott's popular Bigfoot Rapids white water raft ride will undergo a major renovation with the addition of new features to the attraction including new animatronics, themed show scenes, a new story overlay and plenty of dynamic water

effects. The arrival of Calico River Rapids is one of the many exciting experiences that Knott's guests can enjoy in 2019.

## San Diego Zoo

If you didn't already have enough reasons to visit the San Diego Zoo, several cute new arrivals may motivate you to drop everything and stop by. Over the past few months, Zoo animal care staff have welcomed mammal newborns that include a hamadryas baboon, a takin calf, an endangered okapi calf, and an endangered siamang.

## San Diego Safari Park

Explore habitats where rare and exotic animals roam. See them by tram, cart, truck or zip line – choose your kind of adventure. And there's plenty to see and do on foot, too. Get up close to lions, lemurs and more. Watch the world's fastest cat zoom by at Cheetah Run, enjoy an incredible free-flight bird show and hear stories about the animals from their keepers and trainers. See conservation in action and discover their efforts to keep rhinos, tigers, California condors and other species from becoming extinct. Take an adventure like no other!

Also, don't miss the two young elephant calves at the San Diego Zoo Safari Park!

## SeaWorld San Diego

SeaWorld San Diego guests will feel the power of the ocean in 2019 with the launch of the park's all-new Tidal Twister roller coaster. This dueling coaster, the first of its kind in the world, is a unique and horizontal ride that will be an exhilarating experience for visitors.

Accelerating to 30 miles per hour, riders will twist and bank as if they are *riding the tide* along a tight, figure-8 track that includes dynamic Zero-G roll at the center section. Two trains, holding 16 passengers each, load at opposite ends of the figure-8 and cross in the center with guests facing both forward and backward on the trains. A lower-height requirement of 48 inches makes this attraction a perfect ride for younger guests and families.
